If you do not pay the full outstanding balance by the payment due date, you will be charged interest on that outstanding balance at a rate of 19.2% p.a. If interest becomes payable, interest is calculated on the average daily balance since your previous statement date.

If a Direct Debit is set up to claim the balance, any additional payments or refunds that reach your account up to 3 full working days before the due date will reduce or cancel out the amount claimed by the Direct Debit.
